

### Directions for creating a Curriculum (Single Educational Topic) Web Page

**First:** View simple examples of WWWCurriculum Pages by Teachers at [www.itws.org](http://www.itws.org) **check** top of page Right or Left Click: **TMT**

**Second:** View examples of BGs & AGifs: Carefully, write down name & extension! **Select** (2) backgrounds & Select (2) images!  
<http://www.itws.org/BGs.htm> These links are on bottom line of [www.itws.org](http://www.itws.org) ! <http://www.itws.org/AGs.htm>

A selection of Curriculum pages **needs** to be acquired! **Using MS Explorer do a Google Search for a Curriculum Topic of your choice!**

**Suggested topics: Elementary Math or Middle School Science or High School Social Studies or Elementary Language Arts**

Investigate the results of search **and** decide on (4) **maybe** (6) good web sites **to be used later for your** Curriculum Web Page!

Mark these web sites as **Favorites** for quick access later! **or** Copy **URL** for each web page to a **blank MS Word** for later use.

Access **SeaMonkey Composer** at Desktop of any Malone College Labs **or** Download to Dorm/Home & !install! Link at [www.itws.org](http://www.itws.org)

**After installation a Icon will appear at Desktop! At top of SeaMonkey webpage, Click Windows then Click Composer!**

Carefully preview webpage example **below** then Type **All Words / Lines exactly** as in example Left Justified! **Center Justify later!**

**At end of each typed line press Enter Button! After typing All Words as shown (Not Pink Words): Carefully, Check Spelling!**

1. All typing done! Hold Down Ctrl Key & Hit Letter A (A=All). **Click Center Justify at top of page. Click white area to Deselect.**
2. Hold Down Ctrl Key **and** Hit the Letter A (A=All). **Click Format then Text Color then Click Dark Color then Click OK !**  
**Dark Color Text is for easy reading with Light Background! Not Dark Blue Text, Why? Click white area to Deselect.**
3. Select Descriptive Words in Draft & **change** words to **DESCRIBE first Curriculum web link** selected **and** stored for later use!  
**Select these NEW words!** At top **Click Link /Chain Symbol then Copy & Paste URL** from stored location **or** Favorite!  
**Click OK!** Click white area to Deselect. **Continue** changing ALL Descriptive Words **to** Appropriate Words **then** creating Links!
4. Single Click **center of Graphic Area then** at **top of page** Click **Format then** PageColors&Backgrounds **then** type **URL** for Background.  
**BG link => http://www.itws.org/\_\_\_\_.\_\_\_\_** fill in blanks for BG **name&extension** selected at start of activity! **Use Only (1) BG!**  
**After typing in URL for Background image must appear in a big region right side of window for PageColors&Backgrounds!**
5. Single Click center of Graphic Area **then** at top of page Click **Insert then** Image **then** type URL for Image! **At Alert click OK!**  
**then** put check in **Circle in front of Don't Use Alternate Text.** If image needs **resized** SingleClick it. Click & Drag bottom a corner.  
**Image link => http://www.itws.org/\_\_\_\_.\_\_\_\_** fill in blanks for image **name&extension** selected at start of activity! **Use Only (1)!**  
**After typing in URL for Gif Image it must appear in a big region right side of window for Insert Image Properties!**
6. **To Save WebPage:** At Top Click **File then Save As then** type **wpfl** (fl =First / Last)! Save Web Page on **Desktop** for access later.  
**Hopefully, you have access to a Flash Drive which is latest & easiest storage device for PCs! BackUp Storage!**
