

Final Projects B-Wordles, Lydia Wilmoth

In my first wordle I used my full name as the **three big words**, and then I just chose random words that describe me or things that I like for the other words. It was really fun to make but it too awhile because I had to keep hitting the randomize button until I got it just the way I wanted it.

The second wordle I made was for **my Dad's Birthday**, which is today. I am going to print it out and use it to make his birthday card, nothing like waiting until the last minute!
